

THE GREAT BIG GREEN WEEK

CLIMATE AND NATURE: FILMS AND BOOKS

As part of Great Big Green Week, you might be planning a climate and nature themed film screening or book club, or just want to do something with friends and family to get them talking about climate change.

There are many great films and documentaries out there about climate and nature, so we've put together a list of our favourites for you to choose from.

If you're hosting a film screening or book club in person, please stay up to date on the COVID19 guidance to ensure your event is in line with the current rules for your area at all times. You can find up to date advice on the government website at <https://www.gov.uk/coronavirus>

You can also find Government guidelines on public film screenings at <https://www.gov.uk/showing-films-in-public>
